

Prof. Charles Bonsack

Associate Professor, Lausanne University Hospital (CHUV) and
University of Lausanne;
President, Swiss Society of Social Psychiatry

Charles Bonsack is an associate professor at the University of Lausanne and the Lausanne University Hospital (CHUV), where he heads the Community Psychiatry Service. He also serves as president of the Swiss Society of Social Psychiatry.

Through both academic and clinical contributions, he has played a key role in advancing community psychiatry in Switzerland. His research focuses on evaluating mental health services, recovery-oriented interventions and alternatives to hospitalisation.

Additional interests include user involvement in care and the development of innovative educational methods in mental health. He has authored over 100 peer-reviewed publications in these areas.
