

Danielle Jansen, PhD

11 April 2019

Personal Information

Name Danielle Jansen
Discipline Medical sociology
Work phone +31 50 3616675 / +31 625646865 (mobile)
E-mail d.e.m.c.jansen@umcg.nl

Area of expertise

My research focuses on two themes both about improving care for children and adolescents:

- 1) The evaluation of (barriers and facilitators of) entrance, trajectories and content of care for children, adolescents and their families with multiple problems.
- 2) Sustainable organization of primary and pediatric health care in Europe to meet the contemporary healthcare needs of children and adolescents.

Work

- Oct 2016 – now *Coordinator Research line Midwifery*
Midwifery Academy Amsterdam Groningen / Department of General Practice
- 2011 - now *Assistant Professor*
Principal Investigator (PI) in Research Institute SHARE
(<https://www.umcg.nl/EN/Research/InstitutesProgrammes/SHARE/Paginas/default.aspx>)
* Department of Health Sciences, Division of Community and Occupational Medicine, University Medical Center Groningen, University of Groningen, Groningen
* Department of Sociology, Faculty of Behavioural and Social Sciences, University of Groningen, Groningen and Interuniversity Center for Social Science Theory and Methodology (ICS), University of Groningen, Groningen
- 2013 – present President of the section Child and Adolescent Public Health of EUPHA (European Public Health Association) (<https://eupha.org/child-and-adolescent-public-health>) and member of the EPH Conference International Scientific Committee. Main tasks (as president) are: organizing pre-conferences and workshops, organizing joint network meetings, connecting researchers, and actively seek collaboration with adjacent organizations. Main task (as member of the ISC) is to advise the EPH Conference Foundation and EUPHA in all matters concerning research and science both on request and voluntarily, to safeguard the scientific content of the annual EPH Conference; and to review the abstracts submitted for presentation at the annual EPH Conference.

Project leader in several national and international research project. Examples:

- 2016 – 2020 *Effectiveness of interventions for severe parenting problems and multi problem families*
- 2014 – 2019 *Effectiveness of support for multi problem families*
- 2015 - 2018 Work Package-leader of WP3 in MOCHA, *Models of Child Health Appraised: WP3 (School Health Services and Adolescent Health Services)*
